Goals 2013

Increase participation of adults in the community by providing services and programs in the library.

Increase and train a core of volunteers to help with youth programs and assist in the daily operations of the library.

Provide more opportunities for the community to experience the arts in the library through concerts, art exhibits and speakers.

Expose teens to other cultures through teleconferencing opportunities and connect over the Internet to other teenagers worldwide

This would not have been possible without your help.
